

Jetic Gū

Columbia College

Please remember to include your name and student number.

You are required to utilise basic HTML to write a small webpage containing your answer to the following questions. For a sufficient tutorial on how to do so, I recommend: <https://www.w3schools.com/html/default.asp>

You must make sufficient effort to ensure the submitted webpage is properly formatted. Failure to comply will result in a ZERO grade. Your submission must be a zip file with the following file structure:

```
answer.zip
  index.html
```

Final Project Proposal

Create an HTML File

In your text editor, create an HTML file named `index.html` with the following content.

```
<!DOCTYPE html>
<html>
<head>
  <title>CSCI101 Final Project Proposal</title>
</head>
<body>
  <h3>CSCI101 Final Project Proposal</h3>
</body>
</html>
```

1. The first part in your `<body>` tag should include a list tag, including all your team members' names and student numbers. Only one student out of every teams needs to submit.
2. The second part in your `<body>` tag should contain your three proposals.
 1. Each proposal should start with a `<h5>` tag for the title;
 2. Each proposal should include a small paragraph or bulletpoint, highlighting how you would like to go about execute the topic. You are trying to convince me to give you the topic, please make an effort.

Grading criteria

- This submission is not graded. I will share your topic assignment a week after it is due.
