This assignment is an individual work.

You are required to utilise basic HTML to write a small webpage containing your answer to the following questions. If you ever get stuck, I recommend: https://www.w3schools.com/html/default.asp

You must make sufficient effort to ensure the submitted webpage is properly formatted. Failure to comply will result in a ZERO grade. You submission must be a zip file with **exactly** following file structure:

```
answer.zip
    index.html
    style.css
```

The usage of incorrect filenames will result in a grade of 0.

Assignment 1

For this assignment, you are to write a webpage that can utilise youtube's video player's embedding feature, to include a youtube video in your webpage.

1. (4pt) You are to include this video in your webpage: https://www.youtube.com/watch?v=XGxIE1hr0w4

2. (1pt) The embedded youtube video should take up the entire webpage display area.

3. (1pt) You should enable autoplay.

4. (1pt) The video player's controls should not be displayed.

5. (1pt) When the video ends, it should automatically restart (loop mode).

6. (1pt) The player should not respond to keyboard.

7. (1pt) The player should have "Recommend related videos" disabled

To complete this assignment, you will need to read https://developers.google.com/youtube/player_parameters?hl=en. Use stylesheets where appropriate. Points will be awarded based on how much of the above requirements are fulfilled.
